We, the World Alliance for Thai Decentralised Energy (WADE Thai) are implementing an EU-funded programme called "Smart/Intelligent Grid Development and Deployment in Thailand (Smart Thai)." The Programme's objective is to improve the sustainable economic and social development of Thailand through the efficient delivery of sustainable, economic and secure electricity using Smart/Intelligent Grid systems based on EU models and technologies.

As part of the Programme, we will organise a workshop on "Smart Grid: Policy, Services and Applications", which will be held at IMPACT Exhibition and Convention Center, Mezzanine floor of Lobby Challenger 1, Media Center Room on Friday 5th October 2012 from 9.00am to 6.00pm. The event will be conducted in conjunction with the PowerGen Asia Exhibition to be held on 3-5 October 2012 in the same venue.

Participation to this workshop is Free of Charge. However, due to space limitation, the registration is on a 'first come, first served basis'. If you are interested to attend, we would appreciate it if you could return the enclosed registration form before Wednesday 26th September 2012. Thank you very much in advance for your favourable response.

If you have any questions please feel free to contact Ms. Ornthipa Mongkolsawat at info@wadethai.org; and cc: info.wadethai@gmail.com, or Tel: +662 564 7921, Fax: +662 564 7924.
